PROJECTS

Kidvora: E-Learning Platform for Kids [\[Link\]](#)

- Developed an engaging, child-friendly e-learning platform that offers interactive courses designed to inspire creativity and learning in young minds.
- Implemented simple navigation features, making it easy for both children and parents to access courses and track progress.
- Created a visually stimulating, responsive design, improving learning retention through interactive multimedia tailored for children aged 4 to 12.

Buyverly: Shopping eCommerce Website [\[Link\]](#)

- Built a fully responsive e-commerce platform that supports multiple product categories, providing users with an easy-to-navigate shopping experience.
- Designed a clean and intuitive UI, streamlining product discovery and enhancing overall customer satisfaction.
- Integrated multiple contact options and support features, ensuring a smooth and responsive customer service experience.

Nirvanta: Portfolio Builder Website [\[Link\]](#)

- Developed a fully responsive platform that enables users to easily create personalized portfolios, ensuring compatibility across all devices.
- Created a wide range of customizable templates, allowing users to showcase their work in visually appealing and professional layouts.
- Enhanced navigation and mobile responsiveness, delivering a smooth user experience on all screen sizes and devices.
